Sir,

Elementary schools - Billady, Miliyana and Paup Adidravida-Closure.

With reference to your Ref. Edn.2478/31/4K dated 4-11-1931, I have the honour to state that, the three schools may not be closed permanently, but may be transferred to the following centres :

Billady school - The school in the present locality has not been working well. From my personal inquiries, it is learnt that this school may be conveniently transferred to Januvarcutta in the Billady village. Villagers have come forward with a promise to provide a new suitable building for the school if transferred to the proposed site. Moreover sufficient number of pupils can be got for the school. The Deputy Inspector of schools Udipi Range, has approved of this suggestion and you have supported it. The promised buidling is expected to be ready by the end of June 1932. At present the potail of the village has offered his Bhandsala in the proposed location for conducting the school in it. I therefore request you will kindly approve of my proposal to transfer the Billady school now only to Januvarcutta.

Miliyana school :- The centre of the school is a good one and the school ought to have flourished. Lack of interest on the part of the villagers, I think has been the cause of the failure of the school. I therefore propose to give the villagers

a definite warning to the effect that if they do not show any interest within 6 months and improve the school, it will be permanently transferred to Saiberacutta in Yadthady village- a centre approved by the Deputy Inspector of schools Udipi Range. This proposal may please be approved.

Kaup Adidravida school - I am for closing this school and to amalgamate with the general school. But I request you will kindly select a locality where there is a necessity for a Adidravida school, and intimate the fact to me at an early date.

I have etc.,

submitted to Government.

2. Billady school. The school was opened out of the sanction accorded in G.O.No.1598 L.E., dated 16th October 1924. Though the population of the Billady village is 1474 and the number of school going children 188, yet the school is poorly attended and badly accommodated though it has been in existence since 1924. The strength and attendance of the school have fallen so much that it is not desirable to continue the school any longer. Though the closure of the school was recommended by the Inspecting officers, it has not been given effect to by the Taluk Board. The proposal of the Taluk Board to shift the school to Januvarcutta another site in the same centre is recommended as the villagers appear to be very keen in having a school there provided the school at Billady is immediately closed.

3. Hiliyana Board school. This school was also opened as per G.O.No. 1598 L.E., dated 16-10-24. Due to the indifference of the villagers the school is working very unsatisfactorily. The closure of the school was recommended by the Inspecting officers in October last but the Taluk Board continued to conduct the school. The condition of the school has shown no signs of improvement as the strength and attendance of the school in March 1932 were only 17 and 16 respectively in 3 standards. Hence the present proposal of the Taluk Board to give a warning to the villagers and to watch the progress of the school for another six months is not recommended. The school may well be transferred to Yadthady centre which has become a school less centre due to the withdrawal of recognition of the existing aided school there. The centre has a population of 754 and 164 children of school age. The villagers, it appears

have petitioned for a Board school in the locality promising to provide the school with a building. As there are no schools within a radius of 2 miles from the centre, the school at Hiliyana may be immediately closed and its provision may be transferred to Yadthady centre.

3. Kaup Adi Dravida school. The school was opened out of the sanction accorded in G.O.No. 660 Education dated 20th July 1912. The general condition of the school is very poor and it was found to be deteriorating in efficiency as well as in strength. Attempts made to improve the condition of the school has been found to be fruitless. There is no suitable centre in the Udipi Taluk Board to which the provision of the Kaup Adi Dravida school may be transferred as desired by the President, Taluk Board and moreover no separate Adi Dravida school can be recommended to be opened at present in view of the orders passed in para 4 of G.O.No.2050 Edn., dated 2nd December 1931. It is therefore suggested that the Adi Dravida school may be amalgamated with the general school (Board Higher Elementary school), there which is only a few yards from the former school and the President, Taluk Board may be instructed to make suitable arrangements to secure the enrolment and attendance of the Adi Dravida pupils.
